TOP 10 FUNNIEST MOMENTS

10 Drenched!

The last thing Rose expected when she visited the hospital on New Earth was to be soaked with disinfectant in the lift!

9 Belching bin

Watch out for alien wheelie bins! Mickey touched one and his hands became completely stuck. The bin then scoffed him down in one go and let out a whopping great belch!

8 Naked Larry

If only Cathy's brother Larry had remembered to put on some underwear when he stumbled out of his room and past Sally Sparrow! Oh dear!

7 Fake Rose

The Doctor tried to convince Torchwood that Jackie was his brilliant young companion, Rose. But he wasn't very convincing!

6 Ouch!

When the Doctor freed Donna from the Racnoss's web, she swung to safety... Then crashed into a wall and ended up in a big heap on the floor!

5 Oi!

The instantaneous biological metacrisis meant that the Duplicate Doctor looked like the real Doctor but talked like Donna and shared all of her attitude. Brilliant!

4 Monster pants!

When Elton Pope confronted nasty Victor Kennedy, he didn't expect to be chased down an alleyway by a big, fat, wobbly alien wearing nothing but a pair of skimpy black pants! Not a pretty sight!

3 Stinky Shakespeare

It's hard to flirt when your breath smells, even if you are as famous as Shakespeare!

2 Running nowhere

Every time Margaret Slitheen tried to run away and activate her teleport, the Doctor used his sonic screwdriver to make her reappear.

1 Mad miming

We loved this hilarious scene where the Doctor and Donna spotted each other through the windows at Adipose Industries and tried to have a conversation in sign language.

Keep away from these metal menaces, or you could get...

UPGRADED!

What are they?

Cybermen are made from humans who have been upgraded. Cybermen want to upgrade everyone, and if you stand in their way, you will become one of them – or get deleted!

Cyber-Yvonne protects the Doctor and Rose as they work to defeat the Daleks and Cybermen!

Heroic Hartman

Torchwood director Yvonne Hartman experiments with the ghost shifts that help the Cybermen invade Earth! She bravely faces being converted.

LOADS OF INFO EVERY WEEK!

No Mercy!

Miss Hartigan works with the Cybermen to help them try to conquer Victorian England – and the world! But they betray her and convert her into the CyberKing! She is so powerful that she eventually destroys them.

Tyler trauma!

When the Doctor and Rose visit a parallel Earth, they meet versions of Rose's parents. At her own birthday party, Jackie gets caught by Cybermen and converted. Rose and Pete discover Jackie has been upgraded in John Lumic's factory.

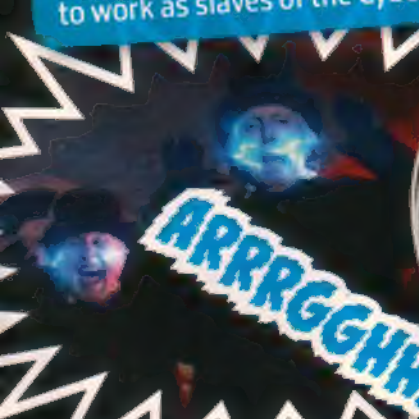
John Lumic gives Jackie fancy Cyber ear pods for her birthday. He then uses them to read her mind!

Turn over for more conversions!

This week's FACT FILE

Cyber slaves

Workhouse owners Mr Cole, Mr Scoons, Mr Fetch and Mr Milligan are all controlled with Victorian ear pods. They are ordered to bring their children to work as slaves of the CyberKing!



When their work is done, Miss Hartigan deletes all the workhouse owners!

Torchwood terror

Martha's cousin, Adeola, and her Torchwood co-workers are given ear pods by Cybermen that sneak into Torchwood HQ, to help them open the Void.

The Doctor stops the converted workers by overloading their ear pods with a strong signal.

WE WANT TO UPGRADE YOU!

Convert yourself into a Cyberman with your awesome free Cyber head frame. Send your pictures in by post to **DOCTOR WHO ADVENTURES, BBC Worldwide, Media Centre, 201 Wood Lane, London W12 7TQ**, or by email to **dwa@bbc.co.uk**. We'll show the best ones in a future issue.

WARNING! Don't use your Cyber head frame on your cat or dog – they'll turn into Cybershades! Eek!

Cyber Sally

When the Doctor and Mrs Moore sneak into Cybus Industries, they meet a Cyberman with a damaged emotional inhibitor. She says her name is Sally Phelan. Sally reveals that it's the day before her wedding.

CYBER ARMIES!

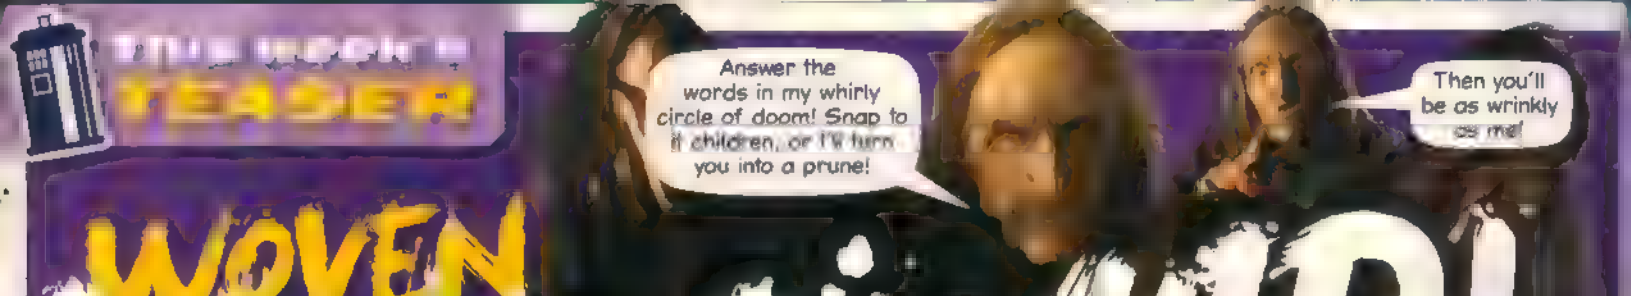
Find out more about these metal menaces and their makers

THANKS TO NEILL GORTON WORDS BY ANNIE GIBSON-GOOD

A new look

The parallel Earth Cybermen were one of the trickiest monsters the design team have ever had to make. Normally they would produce just one or two designs for a new monster, but they had to do dozens for the Cybermen as everyone had an opinion on what they should look like!

Building the Cyber army was one of the biggest jobs the monster makers have ever faced. And they had just six weeks to create all the costumes!
LOADS OF INFO EVERY WEEK!
Learning a Cyber attack!
The Cyber suits are incredibly heavy. After filming in them for 10 weeks, the actors inside were super-fit, as it was like doing a workout all day, every day!
Almost complete!
The actors playing the Cybermen can only see straight ahead. The first time the crew tried to get the Cybermen to march in a line, they all crashed into each other!
Because it is quite hard to see out of the Cyber helmets, the actors did their rehearsals without them.
In order to keep them marching together, the crew tied bits of string between the Cybermen's wrists.



WOVEN WORDWHIRL

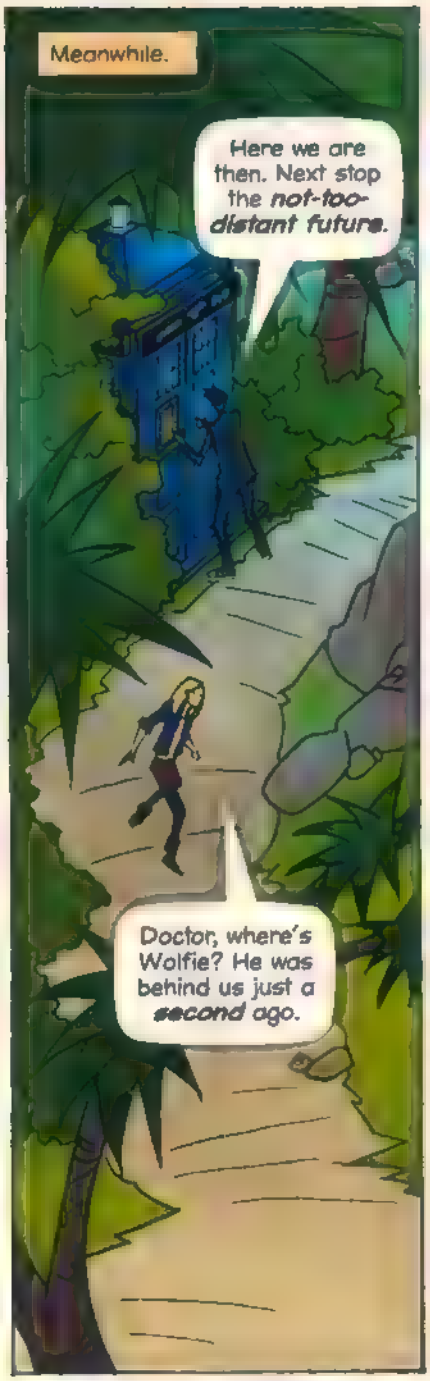
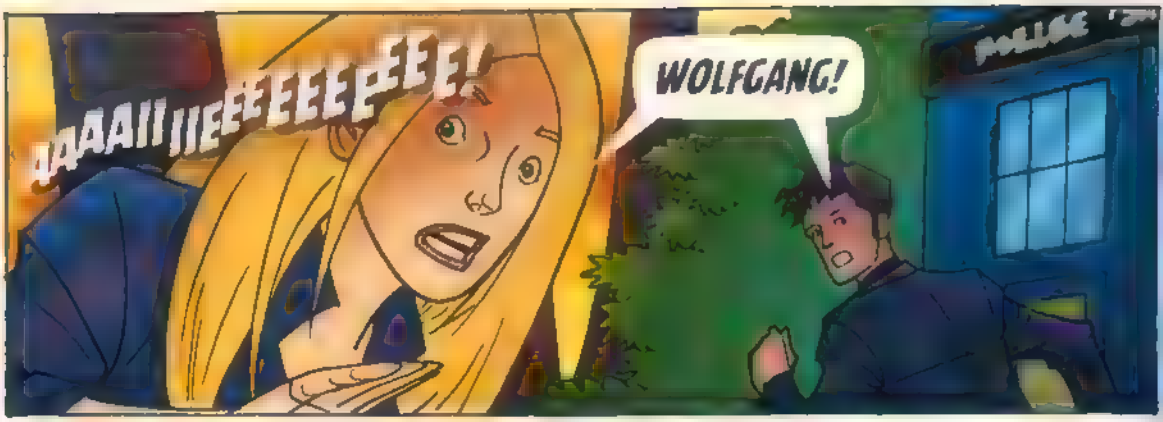
WRITTEN BY OLIVIA MCLEARON

I can see the answers! There! Yes, I can.

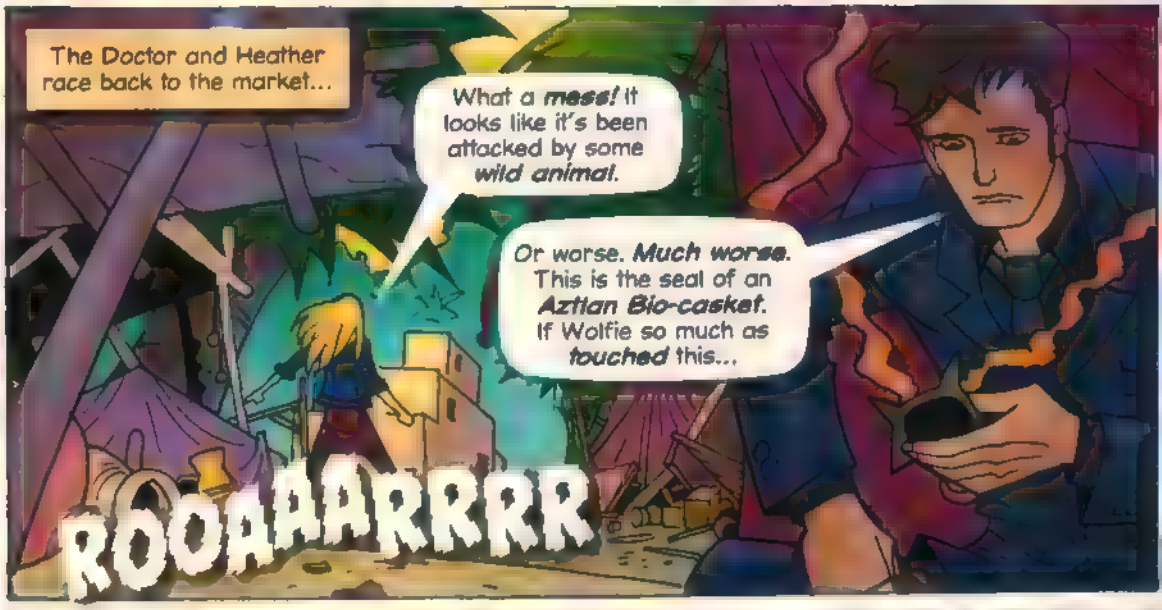
DOCTOR WHO
BAD WOLFIE
Cambodia, 1135
The temple of Angkor Wat. Beautiful. Absolutely beautiful. And it's not even finished.
I've always wanted to visit this place, but I could never afford the air fare.
Who needs the air fare when you've got a TARDIS?
Script CHRISTOPHER COOPER
Art JOHN ROSS
Colours ALAN CRADDOCK
Exactly. And with the TARDIS we can nip forward a couple of decades and take a look at the finished article
So what are we waiting for? Let's go!
As the friends head back to the TARDIS...
HEAR ME
What...? What was that? Someone calling my name...
The voice, coming from that urn. It's hypnotic, controlling my actions. I can't resist.
COME TO ME
GOOD
THIS
AT LAST
SUITABLE HOST
LYCHAOS IS REBORN
NO! Leave me alone, whatever you are.



Meanwhile.
Here we are then. Next stop the *not-too-distant future*.
Doctor, where's Wolfie? He was behind us just a *second* ago.



AAAIIIEEEEEEEEE!
WOLFGANG!
POLICE



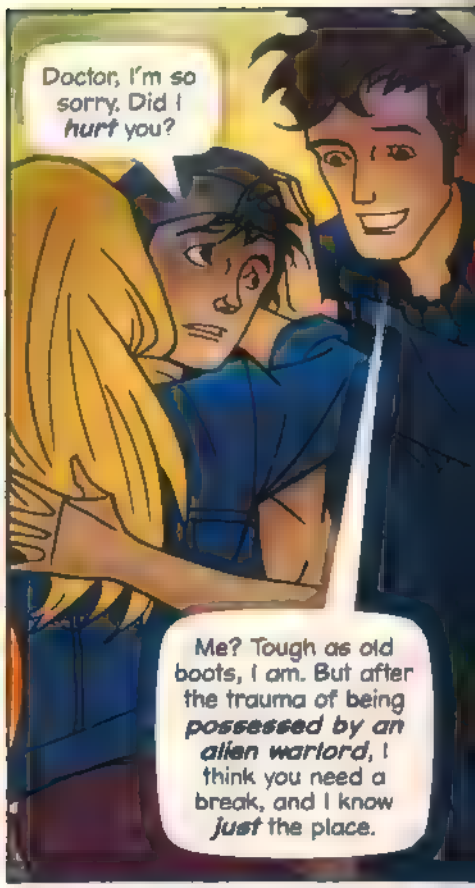
The Doctor and Heather race back to the market...
What a *mess!* It looks like it's been attacked by some *wild animal*.
Or worse. *Much worse*. This is the seal of an *Aztlan Bio-casket*. If Wolfie so much as *touched* this...
ROOAAARRRRR

That noise. It came from the *temple*. What is an Aztlan Bio-casket, anyway?
The Aztlan warriors used them to preserve their *brain engrams* when they died, in the hope of transferring their minds into a new *host body*.

The new host is Wolfgang – he's changed!
Wolfgang is *young*, he's *clever* – the perfect host for an Aztlan. Until its hatred and anger *destroy* his body, too.
Oh no. *Wolfgang!*
I am *Lychaos the Unforgiving*, and I declare this planet under my dominion.

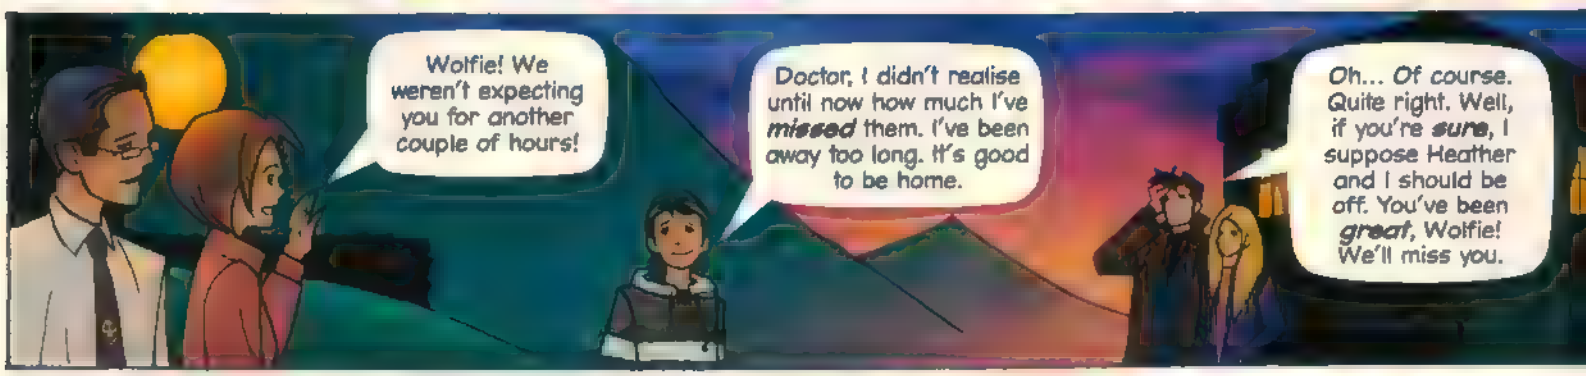
I know a Bad Wolf when I see one, only this time it's a Bad Wolfie. Oi you, Rover, leave my friend right now or I'll...
What fool dares confront the might of Lychaos?
Doctor, watch out!
But Heather's warning comes too late...
Be gone, insignificant insect.
THWACK!
WHOAHHH!
What...?
Wolfgang, listen to me. I know you're still in there. It's me, your friend, Heather. Remember?
Fascinating. For an insect, you have the heart of a warrior. Your friend is gone. Lychaos inhabits this body now.
Button it, Fido. Wolfie, concentrate. Remember the TARDIS, all our adventures, the fun we've had. You're our friend and we love you. Come back to us.
You can do it, Wolfgang! I know you can.
Heather, I... I can hear you. I'm coming back.
I feel weak. What is happening? My voice...
ARGHHHHH!

I did it. Lychaos is gone.
SKEEEEEEEEEE
Lychaos couldn't handle the power of Wolfgang's positive emotions, the power of love. You're a brave boy, Wolfie.
Oh, Wolfie, it's so good to see you!

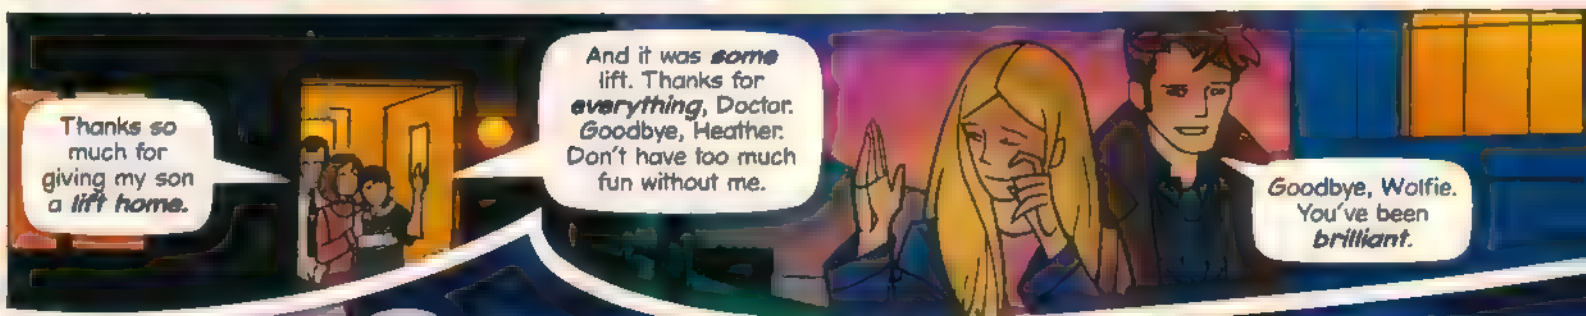


Doctor, I'm so sorry. Did I hurt you?
Me? Tough as old boots, I am. But after the trauma of being possessed by an alien warlord, I think you need a break, and I know just the place.

Soon...
VWOORP
There's no place like home when you need a good rest.
Salzburg! And that's my house. I can see my mum and dad.



Wolfie! We weren't expecting you for another couple of hours!
Doctor, I didn't realise until now how much I've missed them. I've been away too long. It's good to be home.
Oh... Of course. Quite right. Well, if you're sure, I suppose Heather and I should be off. You've been great, Wolfie! We'll miss you.



Thanks so much for giving my son a lift home.
And it was some lift. Thanks for everything, Doctor. Goodbye, Heather. Don't have too much fun without me.
Goodbye, Wolfie. You've been brilliant.

NEXT WEEK!
The Doctor and Heather visit the City of Light.

THE DOCTOR'S DATA

Wolfgang Ryter

Who is he?

Wolfie is a 16-year-old foreign exchange student from Austria, who was lucky enough to join Heather McCrimmon as one of the Doctor's companions during the summer holidays.

How did they meet?

Wolfie was at the airport waiting for his flight home when he bumped into the Doctor and Heather. He soon got sucked into an amazing adventure involving an exploding monster – the ghastly Giurgeax!

TARDIS travels

During his time with the Doctor, Wolfie almost had his brain stolen by the Bacothormeon, was kidnapped by the Octron and became frozen in a photograph by energy creatures from the Scree Dimension. But throughout it all, he always kept his cool!

BECOME A CYBERMAN!

Hello Time Agent,

John Simm, who will make an explosive return as **the Master** in the two-part **Christmas special**, revealed how much fun he had filming **David Tennant's** last episodes. "It'll be a brilliant send-off for Mr Tennant. Last time I did it, it was such fun to do. It was wonderful to be asked back and to be in the very, very last one." We can't wait to see the **two Time Lords** meet again!

In **Doctor Who Adventures** this week you can have a laugh at the top 10 **funniest moments** from the show and find out what it means to be **upgraded** to Cyberkind. But, Time Agent, be warned, you must put on the **free Cyber head frame** that comes with this week's issue while you read it or you will be **deleted!**

Enjoy!
